275 DAYS PAST

~~WEDNESDAY~~

91 TO COME

Red Cells Scanty—Oxygenation Feeble.

An Ohio physician, referring to an anemic patient, says: "The young woman was both weak and emaciated, the red corpuscles were scanty and oxygenation feeble. I had tried almost every ferruginous preparation without results. After using **Pepto-Mangan (Gude)** the patient rapidly improved and is now strong and hearty."

Temp.

A fine day

I took Grandie & Grace
I went to bid the Arnold
girls good bye they are
going to California
to night. Melba went for
the girls. Philip Parker
was here cutting corn
all day. A Mr Matthews
was here & counted &
by the bees
