Saturday, November 21

326 DAYS PAST

THURSDAY 40 TO COME

Dr. Wieche, Breslau, Germany, says:

"I was well satisfied with the supply of **Pepto-Mangan (Gude)** placed at my disposal, which I tested in the cases of my own children. It affords me much pleasure to inform you that the anemic condition was considerably improved during its use, while the appetite left nothing to be desired."

Rained all day until 6
night - & then it snowed
about an inch. It is a
terrible night. Helba is a
little better. Had a letter
from Auntie Peppie she
is in Mount Clemens taking
hot baths. I have been
working on Maudie's brown
dress. Making it over & to
night I fixed her real one
Lewie along bed this morn-
ing but John didn't - nor
don't think Mariah & I would
