**Neurasthenic Symptoms**

are, not infrequently, due to anemic conditions. In such cases **Pepto-Mangan (Gude)** improves the quantity and quality of the vital elements of the blood, supplies oxygenating power, and augments vitality generally. The most nervous and "finicky" of patients take it readily without objection.

Weather

Temp.

Gils drove to school  
shed was up & Albert finished  
the ploughing, with our  
horses. I sold two heifers  
& day, to Mr Charlton,  
Clifford Charlton & had  
three other cattle buyers  
here besides him
