PRACTICAL SUGGESTIONS.

In your next case of hemorrhage don't forget atropine. Give to full effect and use iron, alum and snug pressure locally, then go home and sleep.

Alcohol burned with the Welsbach mantle gives a light nearly equal to that of electricity, better than petroleum.—*Massachusetts Medical Journal.*

Pepto-Mangan (Gude) is never sold in bulk.

a fine day, only a black cloud passed over & it sprinkled a very few drops. Girls both went to school. Mella was very tired to night & I put her right to bed. John & Ball Davis went this afternoon to hunt thrashers a little while, the rest of the day John ploughed. I killed up celery this morning then did my other work Sarah &
