341 DAYS PAST

FRIDAY

25 TO COME

Always in Order.

An over-excessive blood loss at the menstrual period, frequently leads to a considerable degree of Anemia, and an efficient hematinic is always in order. **Pepto-Mangan (Gude)** is not only efficient in the way of overcoming the anemic condition, but is also pleasant to take, free from irritant or disturbing action upon the digestion, and devoid of constipating effect.
