

1882

July

The Rev. Mr. Stone & I worked in the morning

3 Dan mowed some in the orchard with the machine I cut some with the scythe pine day

heavy rain
lost with 7
heavy thunder

4 Dan mowed some in the North field west side in the forenoon he went to Sand Bay with B. McNeil in the afternoon I mowed in the afternoon it is all clover & heavy Dan drove 3 loads of dung to the summer fallow and cultivated some of the fallow the boys two went to

5 raked and cacked the orchard Ellen & me went to Sand Bay Church opening Rev. Dr. Landon preached Rev. Messrs. McQuigge and Greene addressed the people then there was in the grove after pine day

went to a
stream heavy
rain and it
the West side
Chambers

6 we raked & cacked first pease that we cut in the north field it is in good order I raked a pease on this side it is heavier and greener we could not cack it had not time

7 heavy rain most of the day we got in the hay that was in the orchard before it came or there was two loads of it put it over the cow stable in the new

8 Rev. Dr. Landon preached this morning

9 we spread out some of the hay this morning Fred Johnston helped in the afternoon to draw in I raked

you won't
sleep in house
in the garden

10 Johnston helped to draw in all day John Crossman helped in the afternoon got a good lot done

11 we mowed over next the fallowheat I mowed Dan took it away with the fork it is so heavy it gathered in bunch and it is barked & lying down fine warm day

12 we finished the cutting of the North field it is very heavy so that we can not rake it up till dregs some

we won't
sleep in house
in the garden

13 heavy rain last night Dan drew some dung rain still very little done Dan drew dung I attended

our preparatory Series & Session meeting

15 Rev. Mr. Stone preached we had the communion here there was over 50 we took of it

16 we went out to the 6 can Dan brought home the cattle that was there I brought a load of sawdust for the milkhouse

we won't
sleep in house
in the garden

17 Dan went to look for a man for to help to stack he came back after noon brought his Father with him we made a stack bottom 3 loads in it
