## The Drain Upon Vitality,

which invariably results from sepsis, suppuration or hemorrhage, must be compensated for before normal health can be restored. Pepto-Mangan (Gude) is a reconstructive and reconstituent of unquestioned activity and can be thoroughly depended upon to hasten convalescence after any exhausting illness.

Weather

Temp

A lovely warm day could work around without a coat. We was straightening up the house & started cleaning up the yard. Dr Pickering was here & looked after the Bell cow. Girls & Corwin have gone to the Literary at Kingsmill to night. Boyde & his Father was up, & got eight cans of sap. Mr Boy tapped his trees yesterday. Cecil was over & pumped up his wheel. John has been drawing stones & rails this afternoon. Sadie lost her little cat. Billy 4 Maria 3
