

Saw W. Mitchell at station. Had a nice time
on cars talking going to Hamilton. Left
our parcels and baggage, went walking
around town till nearly noon, then came
back to Wallace's for dinner, left there about
two o'clock, had a good time and started
for Depot. Arrived too early so went
around to see Blair's. Peterson showed
us all about it. Came back and after
waiting a short time longer took the
train for Cocheton. Passed Dundas
on the way. Saw beautiful scenery. The
town was below us in the valley with
verdant hills surrounding it. Mrs.
Springer & Hill met us at the station.
Cocheton is not pretty. Houses are
mostly frame and there are no sidewalks.
Their house is nice and cool however.

A large white frame building on a
hill ³/₄ mile east of station. The Blum's shop is
across the road from it. I wrote O. to
Mrs. Ingleden & Edith wrote me & Sarah.
