

Sunday 6990 5-

**Tuesday, January 7**

7 DAYS PAST

359 TO COME

August 7,

**Dr. Hueffel, Bad Nauheim, Germany, says:**

"I beg to inform you that I have employed your iron preparation in the case of a patient 66 years old, suffering with loss of appetite, headache, and digestive disturbances. After about eight weeks' use of **Pepto-Mangan**, these disorders have been almost completely removed. In view of the fact that the patient's mode of life has not been altered, I feel justified in ascribing the improvement entirely to your preparation."

A fine day, but cold. Eugene  
Walta was to church, then came  
back here for dinner. We was  
all home, all day
