One of the stormiest days this winter. Strong east wind snowing blowing drifting hailing thunder and lightning. We went up to Aikthernes on AM to see about getting tread power down we left it there in the meantime helped him put on a load straw which he took to town in his sleigh. I wrote a letter to Stement Ross but we lost his letter and his address with it so sent a card to J D Ross to get his address. Willie chopped cow and horse P.M.
