

Monday November 17th

Frank plowed all day in the corner field. Dad and I put off the load of straw that was on the barn floor and then started to move the stack in. We couldn't put it on the wagon as it was so windy but just shoveled it in the door and piled it up on the barn floor. We got quite a little pile in by noon but supper was over and wanted one of us to help him thrash. Dad went so that Frank and I could go down to a tea in the Sunday school to night. I spent the after noon doing chores and I went down to the mill with a buggy to get some rolled oats and oil cake. 100 of oil cake cost me \$4.75. I did the milking very early and Frank and I went down to the Sunday school a little after six but in time to get something to eat. Mr. Manning was there and a good turn out of boys and he addressed them on the organization of the Sunday school classes. Mr. Manning had to leave at seven o'clock so the meeting closed. I went up to Miss Martin's with Mary and then went and got shined and called for Evaah at Aunt's about eight and we went up to a party at Ada's. We had a very nice time. There were only a few there two tucks playing bridge and Winnie. Jim Emmet & Miss Perry (Mrs. Freeman's sister) playing Rummy. Lovely day.

Tuesday November 18th

Frank has been over at Lupper's all day thrashing. Charlie Quaubury told me on his way to the farm that there was a telephone call for me so I went over and found it was Mr. Burtch who wanted me to ship the two best rams that were left. Dad and I spent the rest of the morning building a crate. We had one crate which Burtch had shipped back to us. We took the rams down to the station right after dinner and left them. They came home around by Aunt's. Harry Butcher rode over the hill with us to Mrs. Butcher's. When we got home we put more of the straw stack in the barn & got most of it in. It was a beautiful morning but turned colder this after noon and snowed quite hard for a short while.

Wednesday November 19th

Frank went over and thrashed at Lupper's all day. Dad said they would have another half day of it but he said he wouldn't go back to-morrow as I want to go with Neff. He was down yesterday morning and said he was going to take the Coast land boys trip to Bursard & Paris to judge stock to-morrow and invited me to go along. Dad and I ran out some ditches in the corner field this morning and
