Did a little work on fence until Mr. P. after came
over and four of us went down after posts to
mosquito alley. Busy morning. Had dinner
along with other 8 men at Bee. Did all kinds
of jobs when we set up fence around the lawn
yard in afternoon. Had a nice ride in Dad's car
when I drove him up after milk around five. I hope
Dad's glad he got there too. We sure had
a hard time to get to bed at night.
