

going in on the road they
were just coming home we stayed for
tea but I did not intend it to. We
had a splendid time Mandi had to
go to the station for Mrs Wild so Jennie
came over to the road for a piece with us
We stayed there for a long time they we
thought they were not coming & went
to the bottom of the hill with Jennie
then we talked then we heard the
train without thought so we ran up the
hill & waited for the train - so we were
counting the stars till it came Will
Spears & a lot more who went down on
Watson's boat came home on train
so we came down the road with Will
then came Will was telling us all
about the voyage & c. Hooskeme about
