91 DAYS PAST

274 TO COME

Acute Dyspeptic Anemia.

A London, Eng., physician says of Pepto-Mangan (Gude): "I have tried it in a case of 'acute dyspeptic anemia' with liver complications. The patient, theretofore, could not take ordinary iron preparations, but derived much benefit from Pepto-Mangan (Gude)."

Weather

Temp.

Rained all day & cold
The girls drove to school. David was
to Mrs. Collins for dinner. I washed &
Erigenia helped rinse & blue them
Erigenia went to Kingsmill to mill
Lebrence came & helped him put
up the grist. David Adams came
and got his cows calf. raining
to night. I am not feeling as
best well. I have fifteen Geese eggs
Erigenia has gone away this evening
My tomato plants are up about an
inch high
