

Bill went down town and I cut more lawn till dark.

The cows got into the wheat fields to-night. There has been a pretty nice breeze all day to-day but fairly hot.

Gilbert drove in here with his apparatus about 10 o'clock to-night and is going to stay all night.

Saturday June 14th

This morning we had quite a hustle. Gilbert got started early to work on the horse stable and we got a good crowd of men viz: Hubby, Alfred Rycerskie, Jim Blakel and Frank Uye besides our selves. All came that had promised except Dad. Haymaker, and Walt. McCall the two that Hubby had got.

Dick went down early to meet a bunch that were going to drive up to the glen for a picnic. He was gone all day and was pretty tired when he reached home although he caught two trout and had a good time.

I rode Enah's wheel down ~~the first time~~ when Dick went down to get some spikes and just got back and found I had to go again after nails.

Luvin and Eric Brown came over with some cherries - Olivets the first I have tasted this year. - and stayed till the middle of the afternoon! He picked the pigeon that the chickens had killed yesterday.

We worked away all day at the building with out any adventure or mishap (except the escape of several getting bogged in the manure) and at six o'clock had her all blocked up and sills put under and mounded about 3 feet.

After tea all the members of our party dispersed to their respective homes. Bill hired Gordie Lawries horse and rig and drove home and Gilbert took the old buggy and drove his team to Dellie.

Then Daddy and I drove Belle down to the station to meet Roy. He had the squash Luvin picked for his supper and
