55 DAYS PAST

310 TO COME

Chlor-Anemic Blood Conditions.

To obtain lasting results and rebuild and revivify the depleted blood of the anemic invalid, permanent reconstructive measures must be resorted to. **Pepto-Mangan (Gude)** furnishes not only a stimulus to vitality, but also a general reconstituent in all cases characterized by hemic poverty and general denutrition.

Weather

Temp.

Very mild, and muddy.
At 3 o'clock phoned for doctor as
mother was taken sick. I got up
and stayed up all day with the
exception of one half an hour in the
afternoon. Eugene's Heifer that he got
of Mr. Dance died. Doctor got here
in the afternoon. Clarence was
over in the afternoon.
Onelba went to school alone.
Had exams in 2nd form.
Billy 5 miles.

Eugene was over to see mamma.
