131 DAYS PAST

Saturday

235 TO COME

Sluggish Metabolism

characterizes chronic illness and indicates a disturbed balance between nutritive income and excretory outgo. Alterative treatment is incomplete without the aid of an efficient hematinic. In most cases the patient is anemic and needs such a product as **Pepto-Mangan (Gude)**, as a general blood constructor and contributor of vital force and energy.

Weather

Temp.

Rained last night. Well day. Mauchie went to Ashue & Maude M^e Leups. John has gone with Clarence boy to night. Cecil boy was over this afternoon. I have a large swelling on the back of my hand.

March 5-
