Surgical

Convalescence

In convalescence after infectious or wasting diseases, surgical operations, etc., **Pepto-Mangan (Gude)** exerts a strong, beneficial influence because it builds up the strength of the patient, increases the appetite and stimulates digestion, owing to its powerful reconstituent and blood-forming properties.

A dull day. visited some
Mella went for Mrs. Eline, & took
her home. Morris came with
her, they was here for dinner
but went home before tea.
John has been cutting weeds
& hoeing. I ironed nearly all
the clothes. Evelin Coy went
down to the Irishman's picnic
with Powers. Arthur & Hanna
had his right hand taken
off with the train last
evening. Mariah 10
