90 DAYS PAST

276 TO COME

VALUABLE POINTS.

Pepto-Mangan (Gude) makes the blood rich in hemoglobin and red corpuscles, intensifies its affinity for oxygen and invigorates arterial circulation.

Pepto-Mangan (Gude) exhibits its blood-enriching, strength-imparting and regenerative properties when administered in all forms of blood poverty.

Concluded on next page.

A fine day until about half past four then it rained. Albert helped John split wood. Girls was home all day. Carl was out for his music lesson. Cecil was over for a few minutes. I have been sick all day & had to have the Dr
