

April Friday 16 1926

A damp wet morning. Alex and I paddling flats and Opper town in an hour's time with the truck when he brought in part of my load on it. Left Allan Scott's dray in town and took home new wagon.

Saturday 17

Initiated new milk wagon on the Golden Gurney milk route and it worked fine. Some classy outfit and the talk of the city!

Sunday 18

Ottos were here for dinner. Went up home for supper late in afternoon then took Jean to church to hear Francis Nickawa. Lovely time with Jean when she had her first ride behind "Jean of Bendmere" nearly got in a mix up at station bridge.

April Monday 19 1926

Busy day on milk route and I received some nice compliments from the "Crooks" about Jean.

Tuesday 20

The neighbours and friends gave ^{Janice} Rawson a shower in Falkland but I didn't go but the Bucks were well represented by the rest of the gang.

Wednesday 21

Took Jean to Canning to see a real play entitled "Always in Trouble" and it sure was good. A lovely night and I had a wonderful time and the nicest drive I ever had with a wonderful girl namely "Jean".
