110 DAYS PAST

256 TO COME

Abstract of letter from Dr. José de la Vega, Mexico City, Mexico:

"For some time, due to the good reports I had received from several of my colleagues in regard to the preparation known by the name of **Pepto-Mangan (Gude)**, I had been particularly anxious to become better acquainted with it . . .

At the time, I had under my care a case of acute anemia, with marked dyspeptic complications and extremely unyielding to every treatment tried. She was a sister of one of the religious orders of this city, Mexico, and I saw at once that

Continued on next page.

A fine warm day. Maudie drove to school. John went down to night - finished seeding the field east of the woods.
