268 DAYS PAST

98 TO COME

Geriatric Aphorisms—No. 19.

Never give drugs in anticipation. Wait till the indication for the use of the drug is clear, and stop its use when the desired effect is produced.

When K. I. has ceased to lower the blood pressure in arteriosclerosis its further administration is harmful.—*Nascher; Amer. Med.*

Weather

Temp.

Rained a little
to day. Florence ^{and husband} & Gadden came
to Charley Marchants this afternoon
Florence boy was taken sick
this morning. In boy was
over twice to day. Fimmie
was here. Mrs Pickering
& the Dr was here this after
noon. Girls went to Sunday
school & took Wilfred. Wilfred
was up. Dr thinks Pally
is better.
