

was too bad to attempt to go down to the Riids.
 The crazy things were expecting to go. Frank has
 gone down town tonight to tell them we can't
 get out of our lane. Dick came over about 5 O'clock.
 He expects to go to New York on Saturday he only stayed
 a little while as he wanted to get the snow
 for Auntie before dark. Heard from Loby today He
 is having a good time altho' kept pretty busy.

January
 Friday 19th.

We got up a little earlier this morning as Frank
 wanted to go after the buttermilk. He got started about
 12:30 and went by way of town to see if the coal was
 in and it was not so went on to the factory. He
 had not been gone long when Tom came with the
 buttermilk so Frank had his trip for nothing. If he had
 only known he could have taken a load of ice to Lee
 Marshal as they were drawing that day but Tom
 had forgotten to tell us. Very cold.

Saturday Jan. 20th.

I started Friday's diary for today as we did not
 get up any earlier yesterday but did today so Frank
 got off this morning at 9:00 instead of yesterday.
