

3540 ft high took a snap
near here up the mountain
road. it winds around
and around the hills here
the next place was Pine
Valley. a big hotel and
auto camp among big
trees. is 48 miles from
San Diego. and is 4000
ft elevation. the next
10 miles down grade around
the curves. then about
10 miles of bare desolate
looking country. only a few
cattle ranches. took a snap of
the Hotel at Jacumba then
about 5 miles down hill, around
curves to Mt Springs. then a

couple of miles up hill again
where we are held up by Road
construction. laying concrete. it
was 1230 now and told we would
not get through until 4 PM,
so we sat around and eat
our dinner. in Merger Canyon
took some snaps. Alan fell
on a Cactus and got stickers
in his face, arms + legs
there was a little creek in
the bottom of the Canyon
and they had a good time
playing in the sand by it.
Got started at 420. just
started when the dust pan fell
off. had to tie it up with mother's
shoe laces. took a snap of the
new bridge. 440 PM now and
35 miles to go yet. after
