Suggestions in Surgical Diseases of the Kidney—No. 4.

Where the bleeding comes from the upper urinary tract, the urine is usually dark in color; there is not so much tendency to clot, and the entire urine as it is passed is usually equally colored; whereas in bladder hemorrhage the last part of the stream may be pure blood.—*Bremerman; Int. Journ. of Surg.*

Weather

Fine this morning

the leaf was over

before Eugene
before Eugene

John has started drawing
gravel drew two loads, has
to go to new Dawson for it
Maudie went & took her
music lesson, Mrs M^{rs} &
Maudie came along and
took Mella to the farm Mrs
Augustine was out & scolded
while the Dr was down to check
Eugene came & brought
few home Hannah 5
