SUBSTITUTION.

The question of substitution is an important question to the patient and physician. The druggist who substitutes is shunned by the medical profession as a dangerous man to the community.—*California Medical Journal.*

Pepto-Mangan (Gude) is a powerful blood-forming agent.

a fine day we ^{could} were
all home all day. Melba
had such a tooth ache
the girls was to go down
to her leaverlies but as
Melba was sick they couldn't
go.
