

bought myself a new pair of shoes. Cecil, Lewis, Ben, Crosby & a Mr. Cornell ~~left~~ left here about one o'clock for Port Rowan & were there till about 11 o'clock to night. We had a fine time but the lack of instruction proved to be not much in the way of instruction. We put on the second degree and were highly commended for it. We had a whale of a supper and a good time generally. Tom finished drilling the field & partly harrowed after the drill. Beautiful day.

Saturday May 26th

Mary, Harry B. and I went down first thing this morning and saw Frank & Irene safely married and started off. Kate Smith was the only one outside the members of the two families in church. Cecil, Dick, Jim & I made a neat sign with the legend "Happy though married" on it and wired it to the front bumper of Hank's car and it looked very nice but Aunty Alice & Mary had to tell him about it so I don't suppose it stayed there long. I came right home after the ceremony & found Mr. Campbell here to fix the lines up so I helped him and when we finished went down to get Mary. She had stayed down to get Harry B's suit out.

When I got down I found Dick had just driven her home. Right after dinner I drove Muriel down town and didn't do much the rest of the afternoon. But did a little in the garden to plant some daffodils and went over to Louis and cleaned some of the ditches in the field he just finished. He ran the ditches out but had to go down to the mill after some feed this afternoon. Poor old Bill Laming's is gone so we can't deal there any more. Muriel cut a big piece of the lawn yesterday & I cut another slice of it just before dark to night. Cool & showery.

Sunday May 27th

Gay and I went to church this morning. Gay was promised yesterday when Harry B. went to the wedding that she could go to church today. She was very good. This afternoon we all drove down town. Mary & the kids went up to see Glad Law and I went to Bill Laming's funeral. I drove up to the cemetery and took Dave, Waddle, Fred Calhoun, Jack King & Sam Morris with me. We went over to see the new mausoleum found. We went in to Aunty's for a while and left her home about tea time but went in to Harvey Evans and had tea there. It was after dark when we got home. Muriel was here first.
