

Sunday April 25<sup>th</sup> Very cold,  
cloudy + strong north winds  
thermometer 38 at noon

April 26<sup>th</sup>. cold + cloudy  
starting to uncover strawberries

April 27<sup>th</sup>. Cold + cloudy,  
uncovering strawberries.

April 28<sup>th</sup>. Rained in the  
night. very cold + cloudy  
with strong winds today.

April 29<sup>th</sup> Cold + cloudy  
with a few showers +  
uncovering strawberries  
a slow job. I do not feel  
any good and John in  
bed all week with Grippe

April 30. a few more  
showers again. today  
Charlotte sick in bed  
with Flu.

May 1<sup>st</sup>. Clear but cold

East wind unbecoming  
may 2<sup>nd</sup> <sup>about 80</sup> strawberries fair + <sup>sky</sup> warm

May 3<sup>rd</sup>. Very cold, still  
uncovering strawberries  
guess we will never  
get done. Short of help,  
and John still very sick  
with Flu. Charlotte  
getting better.

May 4<sup>th</sup>. still very cold  
uncovering strawberries  
about one half inch  
ice this morning.

May 5<sup>th</sup>. cool + cloudy  
planted 7500 Cabbage  
out today. looks like  
rain tonight. John  
a little better today but  
very bad yesterday  
has both Flu +  
Pneumonia.
