

Cal. poppys. next place  
was Cardiff. we took  
snaps here. of the station  
and their ad. sign in  
open book. and a mission  
Bell. the next place  
was Encinitas. after driving  
down the main st. we  
turned around for home it  
was a 75 mile trip.  
it was a dandy day one  
of the warmest yet.  
March 2nd Fine this morning  
went down town and got  
a hair cut. the barber cut  
it so short my head is  
nearly frozen. since  
closely and cool in the

afternoon. climbed up a  
hill in the south corner of  
the Park. it was quite  
a place palms. etc.  
March 3rd Rained in the  
night and raining this  
morning. Feb. this year  
was one of the cloudiest in  
San Diego's history according  
to the papers. and also the  
most rain. nearly 7 inches  
while the normal is only 2 inches.  
more rain now over 11 inches  
while 10 inches is the average  
yearly rain. The highest  
temperature was 66 Lowest 43  
average wind was  $7\frac{1}{2}$  miles  
per hour. Dense Fog. once  
and no frost.
