109 DAYS PAST

257 TO COME

Do Not Irritate

the sensitive gastric mucosa by the regular administration of the metallic salts of iron. The ferruginous content of **Pepto-Mangan (Gude)** is in the form of an organic peptonate, its most tolerable and acceptable form. It may be given regularly as long as hematinic and tonic medication is necessary, without irritating the stomach or producing constipation.

Weather

Temp.

Chilly this morning, but warmer during the day. Maudie Tak Melbas went for her. I finished cleaning the summer kitchen. Then we brought the quilt up to dry. Maudie painted part of the floor. Eveline was over to night. We had a tramp come this morning.
