Saturday

Did some work for Charles. Mr. Bell called and began discussing Forward Movement and it was 11 o'clock before Charles got away to the office. It is now 3.30 p.m. and he has not yet got home to dinner. Still cold and snowing steadily. Drifting snow now again got in about 2 o'clock. Took Charles down a Thermos bottle of bouillabaisse and some soda biscuits. Office still full of people. Went up to see Mother. Came home shovelled the walk and took some papers over for Mr. Black. It was after seven when Charles got home for his tea. Tried to get started on a paper of Mrs. Florence Kitchener's but found it hard work. Practised an hour. Quite frosty so slept inside.
