

Friday August 1st

It was too wet to work at the hay today so Dad & Frank hauled out manure all day. Dick and I went back to set the fence posts across the ridge hill fell from the woods to the gully as we went to get the cattle in where we cut the hay off as soon as possible. The ground was so hard we couldn't make much impression on it with the post auger but got one post set. We then went over to John Wessie's to borrow his spud to loosen up the hard clay and were over there till noon, but this afternoon we made better progress by using the spud and I think got six posts set. To-night Dick and I went down town as I wanted to try on a pair of low shoes at Caly's but they were clean up so we decided to go to the show. We were just a little early for the second show so went over to Pete Halmer where we ran across Bob & Des, so we took them to the show with us. It was "The Heart of Humanity" a war picture showing just Canadian troops. It was very good but very sad and depicted some horrible examples of German brutality. Ray Dell was with us and could tell us about the places, such as Vimy Ridge

Saturday August 2nd

Supper was in the other night and promised to come over and help us haul hay when we got ready so Frank went over last night to ask him to come today. We also got Jack to send Hanselman over and we put in quite a day hauling with two teams. We got all the hay in that was cut but there is still two or three loads out yet. We hauled in nine loads, which wasn't too bad. As we didn't start early nor work late and the blue grass is very slow to pitch being so short and heavy. Supper took in too big a load once and broke the hoist rope a pulley and banged the end of the beam out. The boys went down town to night. Coult and Clancy

Sunday August 3rd

Frank, Sid and I went down to Sunday school and the rest all came down to church. Dick, Sid and I stayed at Auntie's for dinner and Auntie persuaded me to go up and see Miss Butterby after dinner to thank her for the wash rag she made me. I came home with Sid about three o'clock and just as we got here we found Jim & Mrs. Wuddle about to take Dad & Enah for a joy ride in their new
