

Sunday, April 5

95 DAYS PAST

270 TO COME

**Colorless Conjunctivae,**

livid lips, a peculiar pallor of the skin, and an expression of anxiety, go to make up the characteristic chlorotic picture. A rapid, acting blood builder, such as **Pepto-Mangan (Gude)**, puts life in the blood and imparts color to skin and mucous membranes. It relieves the unpleasant subjective symptoms and restores vitality without deranging the digestion or producing constipation.

**Weather**

**Temp.**

Rather fine roads in a terrible condition. Maude took Billy & the car & went to Sunday School. Saw one baggy pass today & Ed Thompson a foot. Morley & all trying to ride his bike. Nell & I was home all day & Eugene until night. Now Eugene is gone to Mr. Danes Valentine weighs thirty-four pounds Aunt Bell ask us up there & Aunt Maude ask us down but the roads were so terrible.
