363 DAYS PAST

2 TO COME

The One Thing Needful.

Anemic convalescents who fail to respond to well directed dietetic and hygienic measures alone, often show distinct and prompt improvement when **Pepto-Mangan (Gude)** is added to the treatment. The appetite sharpens, absorption of food is encouraged and nutrition is enhanced.

Weather

Temp.

Warm & Rainy
Mr Thompsons were up,
for dinner & tea Guelly Joe
bring to man came with
them & Nellie, Maude
came home with Alva
Yesterday, Joe is going
to the doings in the
Baptist Church. We
had our last Goose
for dinner.
