169 DAYS PAST

196 TO COME

"In Union Is Strength."

The truth of this old adage is well exemplified by the especially favorable results from the conjoined administration of arsenic, strychnine and **Pepto-Mangan (Gude)**.

The combination acts promptly and vigorously as a general supportive tonic in markedly devitalized conditions, such as grippe prostration, after pneumonia, typhoid, surgical shock, etc.

Weather

Temp.

Warm Eugene
finished cultivating the
eight acres & John was
drawing gravel all day
Kulla wheeled to school
Eugene took the milk
Mrs. McCray & Maude were
out to see Maude
