

June Monday 21 1926

Had about six women on milk route, after me about sour cream but managed to get home safely around 12.45. Retired early at night and had over eight hours sleep.

Tuesday 22

Slept in but made good time after I did get up, Jimmie and I went down to Charlie's and had a few good wrestles and also when we returned home.

Wednesday 23

Got a hair cut so didn't get home until about one. Started to clean driving harness so didn't get any sleep. Ratched a shays, but heavy thunderstorm about 10.30. Didn't rain very long before it cleared up. Wonderful evening but I cleaned up my milk wagon harness.

June Thursday 24 1926

Took Jimmie, Charlie and Robbie to the Mission Garden party on the Paris Agricultural Grounds. Very good program and I had a wonderful time with Jean.

Friday 25

Had a pair of stiff legs all day but Jimmie and I drove up to Harry Hough's shower just the same. Large crowd so only danced once and that was with Jean. Thunderstorm before we got home. Pinehurst burnt down.

Saturday 26

Felt pretty good after the night before. Went to town at night in the Chevrolet as I had to attend committee meeting. Made it short and snappy and was home early.
