

Sept 7th - Net washed long gate. Annie  
came home at noon and said she saw  
Edith D. & Jennie & Viola Cumm. they wanted  
A & I to go over at night if it did not rain.  
So I got ready & went about 4 but it was  
raining a little then & next day on the way  
commonly thinking if we would go or not  
& then it stopped raining so we went right  
on. E. J. came to meet us. We had our tea &  
were sitting in front room in dark telling  
made up stories, all in a hush by the effect  
& we heard the gate hook so we looked out  
& we could see the form of a man but not  
that of Will. S. as we had expected but  
Bob J. he could not see anybody in front  
room so started to go around the kitchen door  
when Viola gave a little laugh out as he  
came bounding in & tried to distinguish  
us but could not very well he thought  
Jennie was I & he could not get me for
