

Ther.

MON. DEC. 5, 1898

Wea.

I rose and made the fire, and found the snow deep, and it is cold we had plenty of snow to shovel, the boys and B, they did not get to school, there is a great deal of snow in the wood yard, I made Lancia a pair of braces in afternoon

Ther.

TUESDAY 6

Wea.

It is still stormy, the boys did not go to school this morning, but they went after them as W. Lumber went with chopping to the mill, but they came home as there was no school, I was fixing Georges shoulder braces
