186 DAYS PAST ~~THURSDAY~~ 180 TO COME

Dr. Gabriel González—Continued.

Since I have known **Pepto-Mangan**, I have used it in a dozen cases. The particular case to which I call attention is that of Miss C. N., 16 years of age, of a nervous temperament, suffering from anemia. One of the physicians of this locality had prescribed drop doses of Cacodylate of Iron, a preparation which she could not tolerate after two days, because of the weakness and irritability of her stomach. When I was called to attend this case, I found gastric symptoms
