

**Tuesday, October 1**

275 DAYS PAST

*Wednesday*

91 TO COME

**Imperfect Nutrition**

is primarily responsible for the blood devitalization of the marantic infant. **Pepto-Mangan (Gude)**, in many instances, has so distinctly increased the oxygen-carrying capacity of the blood as to initiate a better nutritive exchange and a tendency toward general reconstruction.

**Weather**

*bold wind* **Temp.**

Melba & I went to Aylmer  
& Melba got her old head  
fixed over. I got myself  
& Maudie a new dress, or  
at least a green skin for  
Maudie. John has finished  
drawing out the manure.  
Cyril was here for dinner  
& he & his Father went by  
Aylmer before dinner. This  
afternoon Leotta & Cyril  
went to Spar's & then to St.  
Thomas for Mr Dunces trunk  
Girls went to school  
Mariah & Billy 5.
