

ready to put the lime in about five. but Crickshaw  
who came down with his arm in a sling advised  
as not to unless we could use the spray up to night  
as we both wanted to quit early, we let it go.

I got the chore done up and Anson Abbott. came  
up here and we drove to Simcoe and attended the  
dinner given by the High School Committee of the  
Chamber of Commerce & later went over to Dr. Bart's stable  
and saw the thoroughbred stallion he has there which  
is certainly a beauty. Tom finished harrowing  
and ran out & cleaned the ditches. Fair, dry & cold.

Sunday May 13<sup>th</sup>

We didn't get up very early this morning and as  
we were finishing breakfast. Pickford, Bob. & Tom drove  
in with Pickford's car. Tom was after the fence stretchers  
to fix fence to let Molly out as she foaled last night about  
nine o'clock. I went back with him with our car and took  
all the kids to see the colt. He is just about the same as last  
year and seems strong & jistky. About noon we all  
drove down and got Dad. & Linn who were just getting out  
of church and brought them out here for dinner.

This after noon Linn jumped up Harry B's bicycle and he  
actually rode it a little. The yellow cat created a little  
diversion by jumping down the cellar stairs and up setting  
a pan of eggs all over the stairs. We all drove over to Linn  
and saw the colt and calf and then Dad. Linn & I  
drove to Simcoe to see the thoroughbred but there was  
no one around the barn and he was blanketed. The  
Monroe's drove out to night & left Muriel. Beautiful day. Cold night.

Monday May 14<sup>th</sup>

Tom. and I have been spraying all day. We finished  
up over here before dinner and had to mix up another  
batch of spray over at Linn's and didn't quite finish over  
there to night. Old Dave was over after dinner to get some  
egg to set. & Muriel & the kids walked over to Linn to get them  
and took them over to Dave. Mary went over too to see Mrs.  
Lampkin, who is feeling pretty tough. I drove down to  
band practice to night but didn't get there till late as I  
called in at the farm for awhile and also at a meeting in  
the lodge room. where they were making plans for the  
big Moomie picnic that is coming here in July.  
It has been another beautiful day but it is  
freezing every night lately.
