

Sept 12th 1843.

Sept 12.

Hot and muggy this morning. ~~Left~~ The night was very hot making sleep almost impossible. Some rain fell during the night and continued to sprinkle most of the forenoon. About noon it rained a quite a shower but only sufficient to lay the dust, it then turned quite cool and pleasant the rest of the day. Lovely evening. (No thunder light)

Sept 13.

Most beautiful day. high west winds blowing. Sky cloudless. The long hot spell having broken yesterday it makes it more pleasant and enjoyable at school Church and I. School. At Mr. J. Hardings to night, and also at Mr. McLeod's, very cool to night

Mon

Sept 14th 1843.

Mon 14.

Cool in the morning, but getting very hot as the day advanced went to town today with Mr. Seed we spent a lovely day it being Civic holiday in Kingston, we had a tea at his Uncle and Aunt's. Mr & Mrs J. Laishlay of the New York Insurance firm. After spending the most of the evening there we prepared for home, and after driving around a little while we turned home word arriving at 12 P.M.

Tue 15.

Another fine day hot as usual Mrs. Dowan came home today after her long absence it seemed good to have her back again Sara Gice came with her and stayed the most of the day. Mrs. G. Hardings is staying with her tonight Mrs. Dowan gave me a Methodist Hymn Book for a present
