

Thursday February 2, 1922.

Kent delivered mail to the Bay and round the Lowline and I delivered on the Club part with Queen.

In the evening I went to Rev. Lindberg's with the report on Missions and Forward Movement.

It rained last night but didn't spoil the roads and the day was cold and windy.

Friday February 3, 1922.

Kent delivered with Dick on the Club and Lowline and I delivered to the Bay and back and had the shoes set on Queen at Mr. Payer's.

The day was cold and windy with some snow and the roads inclined to be slippery.

Saturday Feb. 4, 1922.

I went to Chatham on the mail car coming back.

Kent delivered mail on the whole route with Dick and had some shot at Mr. Payer's while at the Bay.

The day was fine.
