

1885

Jan 20 to draw 2 loads of wood from the County

he took them home Francis is cutting wood and taking care of the cattle he seems to be careful of his things

21. Went to St. Michaels of Mr. S. Caplonds this morning Francis is cutting wave line & at 4.15

82 He drew a load of wood this forenoon here
He then went to Ganarogue with Kate & the cutter
Since cold day the thermometer is 10 below zero

23 He drew 2 loads of wood he left them both
24 home one was 5 feet longer than the other cordwood

23 measured
about 3
inches
at night
24. He drew one load of wood it ^{is} 6 feet long he made
warm so a bargain. Dan and his Father cut the large timber that
the house
eyes is drop
ing 25. The
the house

25 I went to the Sabbath School this morning it is the first time since I got hurt we had no Minister

26. As I went for a load of wood to some Bay he got
upset about on the Road near the middle field
there a very high wind and drift

27th I brought a load of long wood and left it
here fine day the water is very heavy

28 very stormy day wind & snow first half day
I went for a load of wood in the afternoon

29 Took oats and straw from home home this morning
he drew load of wood home in the afternoon

30. ~~At~~ drew a load of long wood home this forenoon
and a load of cordwood home in the afternoon finally

31 At dawn a lot of long wood in the dry season
he put it in the lake below the house
and of course was long gone.
