FRI. APRIL 1, 1898

Wea.

William was up first this morning, I got up and attended to the bread. After breakfast William went to help George thresh peas, I have no particular work on hand at present as this has been a busy time on account of Annie's sickness, and I have not been very well for a while.

Ther.

SATURDAY 2

Wea.

I got up this morning and made a fire, after breakfast I baked pies and cakes in forenoon and washed William's white shirt and collar after dinner I scrubbed floor and stoop, and ironed shirt and many other duties besides.
