

MONDAY

January 1

I DAY PAST

365 TO COME

**PEPTO-  
MANGAN  
(GUDE)**

Is the STANDARD in the class to which it belongs.

Is rapidly and easily assimilated.

Produces a rapid increase of red corpuscles in the blood.

Is perfectly miscible with sherry, milk, or water.

Is pleasant and agreeable to the taste.

Creates appetite and tones the system.

Children like to take it, and it can even be given to infants.

**DOES NOT AFFECT THE TEETH.**

**Does not Constipate or Produce Gastric Disturbance.**

Mother has been ill, in bed all day. Doctor M<sup>r</sup> Day was out about six-thirty to night. We haven't been away to day
