332 DAYS PAST

33 TO COME

The Apoplectic Seizure.

Put the patient to bed, elevate the head and apply cold, while warm applications are made to the feet and the rest of the body. Draw off the urine. Enjoin absolute rest and forbid food for 48 hours. Give a saline enema and put from one to four drops of croton oil on the tongue.

Weather

Temp.

Sold in the morning  
Pa & Melba went to Eugene  
this morning. Maudie &  
I went to St. Thomas, & got  
us each a new dress. Aunt  
Bell was up there & got  
her a new brown dress.  
It was warmer coming home  
Maudie & I drove to Alburn  
for Maude to get her  
lesson & get the mail
