March
There were two very destructive
fires in New York City. One in
New York City when a factory
where they made houses. There
were 145 persons burned all over
between 14 and 20 years. There were
6 men. The fire began in the
3rd story and burned upward
The gates to the outside were locked
to keep the girls from going out
without watching. They were
lacking bits of lace and trim
among.
The other fire was the Capital of
Albany, a building with contents
valued at 25,000,000, some worth
in their library cannot be repel
aced
