

May 19th Hoeing old
strawberries: path they
look better since the
rain.

May 20th. Planted 5-
bags potatoes also
5 bushes Warty Hubbard
Squash, 1 lb seed,
very warm, high south
west winds.

May 21st Spent another half
day watering hot-beds
no rain in sight.

May 22nd. Hoeing strawberries
& cultivating carrots
not up very good yet,
but cultivated good as
it is very dry.

May 23rd Very cold today
with strong north east
winds & cloudy working

2
Cultivating carrots in
the morning and planted
corn & pumpkins in
the afternoon, so cold
I wore a fur lined
coat, also sweater and
leather mitts on and
nearly frozen - Hear
that Flecker stable won
the King Plate Race at
Toronto today.

May 24th - Very cold, some
snow flurries, saw some
cars on highway coming
from the East covered
with snow, they say
History repeats had to
light the furnace today
and had to light it
last 24th of May. do not
know how it will affect
Blossoms, cherries & plum
petals nearly all off now
