## Whatever May Be the Cause

of an exhausting illness, it leaves its traces upon the blood in the form of a secondary Anemia. **Pepto-Mangan (Gude)** is a definite and dependable anti-anemic of marked and certain value. It builds new red cells, rebuilds old ones and supplies the essential material for the regeneration of the ever-necessary hemoglobin.

Weather

Temp.

Cold this morning but warmer in the day & very cold at night. Helen & Margot standing out for the day, the girls took their dinners to the woods. Eugene went to Colmer this morning & bought Boyd's pigs; Maude, Nella & I took the girls home. Eugene & his Father have gone to Colmer. Eugene helped his Father fix the fence east of the woods, turned part of the cattle out to day. John Winger had a yearling choke to death over Mariah & Polley's. To Bill's to day
